This is the chapter slice "Communism in the 21st Century Gr. 5-8" from the full lesson plan "Capitalism vs. Communism" Discover the rise of Capitalism from the Great Depression through the Cold War. Our resource explores the differences between a Capitalistic, Communist and Globalization economy. Step into the Dust Bowl era and experience the hardships of the Great Depression. Explain how the New Deal helped the United States recover during this dismal time. Travel back to the Industrial Revolution and find out why people became more interested in Communism as a result of these changes. Recognize that the Cold War was a war between Capitalism and Communism, and discover how Capitalism changed throughout the world since this conflict. Experience what it's like to shop at the mall in a Communist country, and how this would affect your own lifestyle. Explore the dangers of monopolies in a Capitalistic economy. Find out about the Inca culture and how it is similar to Communism. Get a global view of the world economy by seeing how businesses benefit from world-wide partnerships. Aligned to your State Standards and written to Bloom's Taxonomy, additional writing tasks, crossword, word search, comprehension quiz and answer key are also included.

The Hunger Games: An Instructional Guide for Literature e-Book provides lesson plans and activities for this engaging Young Adult fiction novel. This valuable resource guides teachers with ways to add rigor with complex literature. Text-dependent questions help students analyze the text with higher-order thinking skills, with lessons focused on story elements, vocabulary, and more. Close reading activities throughout the literature units encourages students to use textual evidence as they revisit passages to respond more critically. With various methods of assessing comprehension, this instructional guide offers strategies for cross-curricular activities as students build a greater understanding of this great literary work.

For grades PK-2, our State Standards-based resource meets the data analysis & probability concepts addressed by the NCTM standards and encourages your students to learn and review the concepts in unique ways. Each task sheet is organized around a central problem taken from real-life experiences of the students. The pages of this resource contain a variety of content and levels of difficulty so as to provide students with different learning opportunities. Included in our resource are activities to help students learn how to collect, organize, analyze, interpret, and predict data probabilities. The task sheets offer space for reflection and the opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, test prep, color activity posters and bonus worksheets. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards.
