4th Grade California Regions Compare Contrast ...
TL;DR: California has four main geographical regions that differ in population, economics, wildlife and climate: the Coast, the Central Valley, the Mountains and the Desert. The Coast The bulk of California's population – 68 percent – lives in the coastal region and accounts for 80 percent of the state's economy.

Information About the Four Regions in California | Sciencing
The California coastal region stretches 1,264 miles on the west side of California. The northern coast is also called the Redwood empire because of the redwood forests nearby. Some cities in the coastal region are San Francisco, San Diego, and Los Angeles. More than half of California's population lives in the coastal region. *Note from Miss B*
