Review: Diaries: Into Politics by Alan Clark

Published a year after his death, this volume was titled Diaries: Into Politics and covered 1972 to 1983. The final volume, covering Clark's decision not to seek re-election at the 1992 general election, his regret at leaving the House of Commons and then his return to Parliament was published in 2002 and included Clark's final days dying from a brain tumour. Throughout his diaries Clark refers admiringly to Henry "Chips" Channon and

election to the Commons in the 1974 general election; his years as a backbencher coincide with Edward Heath as PM, his downfall and the arrival of Margaret Thatcher. This volume ends with the inside story of the Falklands War. In his private life Alan and his wife Jane and their two young sons take over Saltwood Castle, previously the home of his father Kenneth (Civilisation) Clark. His enthusiasms for the estate, skiing, fast cars and girls are never far away.

The second volume of Alan Clark's bestselling DIARIES, covering the downfall of Margaret Thatcher The first volume of Alan Clark's diaries, covering two Parliaments during which he served under Margaret Thatcher - until her ousting in a coup which Clark observed closely from the inside - and then under John Major, constitute the most outspoken and revealing account of British political life ever written. Cabinet colleagues, royalty, ambassadors, civil servants and foreign dignitaries are all subjected to Clark's vivid and often wittily acerbic pen, as he candidly records the daily struggle for ascendancy within the corridors of power.

Some of the most talked about books of recent years, Alan Clark's diaries provide a witty and irreverant insider's account of political life in Britain. Now in one volume. 'From the moment the first scabrous and brilliant volume was published, people wanted more. Now they have it and they will not be disappointed... These diaries are not wonderful simply because they show a politician unafraid to say what he thinks, and refusing to suck up to those whom he represents. They are great because they show all sides of a man who was, within his complex personality, arrogant, sensitive, loyal, unfaithful, patriotic, selfish, selfless, and - at all times -

completely Technicolour' Simon Heffner, DAILY MAIL

For the better part of this century the Conservatives have been the governing political party of Britain. During that period the country has fallen in stature by virtually every criterion of measurement which can be applied. Yet the primary objective of the Conservative Party, or so it claims and its supporters believe, is to advance and protect the interests of the British Nation-State. How are we to understand its catastrophic and repetitious failure, over practically the whole of this period, to achieve that objective?

'With his DIARIES, he has written himself into the life of our times with a panache and candour that ranks him next to Boswell or Pepys' THE TIMES The first two volumes of Alan Clark's were irresistible, irreverent, infamous, outrageous. This last volume is a fitting finale to the work of a man who has been described as 'the best diarist of his century'. The third volume begins in 1991 with Alan Clark contemplating quitting as an MP. Life at Saltwood Castle, his home, hangs heavy; then comes the Scott inquiry and the Matrix Churchill affair. Publication of the first volume of the Diaries leads 'the coven', a family of former girlfriends, to sell their story to the NEWS OF THE WORLD. This volume follows his attempts to return to Westminster, an affair that threatens his marriage, and closes with the tragedy of his final months when he is diagnosed with a brain tumour, but keeps his diary until he can no longer focus on the page.

The unknown life of Alan Clark, celebrated diarist, womaniser, Tory MP and controversial minister in Mrs Thatcher's governments. Celebrated diarist, famous womaniser, Tory MP and controversial minister - a castle-owning toff and lecherous cad to some, to others a colourful and life-enhancing figure - Alan Clark was politically incorrect before the term was invented. He is best remembered for his sensational diaries - but what of the man? Alan Clark rarely spoke about his upbringing, even to his family. Was it as unhappy as he hinted? Ion Trewin has had unrestricted access to extensive family papers (including twenty years of unpublished diaries). He has talked to politicians, to those who knew him at the prep school which burnt down, to friends at Eton and Oxford, and to some of the many women he found impossible to resist despite a loving marriage of forty-one years. From his struggles to teach himself to write to formidable historian and diarist, from his enthusiasm for Margaret Thatcher to the 'drunk at the Commons dispatch box' affair, ALAN CLARK THE BIOGRAPHY is a revealing and absorbing account of a remarkable and unforgettable man.

INTO POLITICS begins in 1973 with Clark's selection as Tory candidate for Nancy Astor's old seat in Plymouth (rival candidates included future Conservative luminaries Michael Howard and Norman Fowler). Alan Clark describes his election to the Commons in the 1974 general election; his years as a backbencher coincide with Edward Heath as PM, his downfall and the arrival of Margaret Thatcher.
