If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary

files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

When you're a hypochondriac, there are a million different things that could be wrong with you, but for Izzy, focusing on what could be wrong might be keeping her from dealing with what's really wrong.

Explaining both why theory is important and how to use it, Lois Tyson introduces beginning students of literature to this often daunting area in a friendly and approachable style.

The new edition of this textbook is clearly structured with chapters based on major theories that students are expected to cover in their studies. Key features include: coverage of major theories including psychoanalysis, Marxism, feminism, lesbian/gay/queer theories, postcolonial theory, African American theory, and a new chapter on New Criticism (formalism) practical demonstrations of how to use these theories on short literary works selected from canonical authors including William Faulkner and Alice Walker a new chapter on reader-response theory that shows students how to use their personal responses to literature while avoiding typical pitfalls new sections on cultural criticism for each chapter new 'further practice' and 'further reading' sections for each chapter a useful "next step"

Heather Andrews, security manager at Timberwoods Mall, undoubtedly the busiest. But this Christmas, Heather has more to contend with than frazzled parents and disgruntled Santas.

Angela Steinhart, a young woman who designed the mall's spectacular holiday displays, has had a premonition that tragedy will strike on Christmas Eve. And Angela's visions have a habit of coming true. Heather would love to dismiss the warning as holiday stress. But the more she gets to know the quiet, lonely Angela, the more she trusts her. In Lex, her boss, Heather finds an ally—and the glimmer of something more profound. And as the days count down, it will take all of her wits, hope, and unflagging courage to stop someone from destroying the season in one split second . . .

“Overall, I enjoyed Christmas at

Timberwoods and would recommend it to fans of suspenseful tales with a splash of romance.”—Caffeinated Book Reviewer Praise for Fern Michaels

“Prose so natural that it seems you are witnessing a story rather than reading about it.”—Los Angeles Sunday Times “Michaels’ Danielle Steel-like fun read has more plot twists than a soap opera, and will keep readers on tenterhooks for the next in the series.”—Booklist “Michaels just keeps getting better and better with each book . . . She never disappoints.”—RT Book Reviews
