This latest edition of the bestselling Auto Repair Manual covers more than 1,900 models of domestic cars from 1982-1988 and includes more than 55,000 essential service specifications and repair facts as well as 2,500 diagrams, cutaways, and quick-check spec charts. Illustrated.

Documents specifications, repairs, and servicing procedures for individual models, and provides information on component repair and overhaul

In color throughout, Illustrated Manual of Injectable Fillers clearly evaluates the uses, limitations, and compositions of the growing variety of available fillers involved in face and body rejuvenation. It includes detailed techniques for the facial analysis and diagnosis of aging conditions. This resource helps you provide your patients with safe, reliable, and aesthetically pleasing results, including preventing and properly treating potential complications of filler usage. Clearly organized by anatomy, the book discusses the specific analysis, diagnosis, and treatment for the upper face, midface, lower face and neck, hands, and the torso (after liposuction). It is an excellent introduction for novices performing volume restoration procedures and an invaluable guide to novel techniques and advanced procedures for experienced physicians.

Covers 1979 through 1986 models, with specific makes and models grouped according to manufacturer and body style and including
