Vietnamese folk tales retold for a modern audience. In poetry and literature the Vietnamese call themselves the "children of the dragon." Their oral tradition is a strong one and this volume includes three of the familiar teaching tales told by the elders. Readers will learn how the tiger got his stripes, why there are monsoons, and the story of the Moon Festival.

Billy Bixbee's mother won't admit that dragons exist until it is nearly too late.

An illustrated collection of Vietnamese folktales with explanatory notes following each story.

(Ages 5-8) You are a young dragon who can't fly yet. Your world is ruled by the lovely Dragon Queen. One day, the Dragon Queen disappears. You must be brave and help search for her in the swamp of endless muck and the f-f-f-freezing Ice Forest.

Greymalkin is not just the Queen's beloved cat, he is also her confidant and staunchest friend. In this story, Greymalkin has an adventure without the Queen and has to deal with a perilous situation including a baby dragon.

Sixteen-year-old Danny Vo is enmeshed in two worlds—his Houston high school and his Vietnamese home life. He's finally caught the eye of beautiful blond Tiffany Marie, only to find out that her brother is a white supremacist. And his life gets even more complicated when his cousin Sang Le comes to live with Danny's family after spending years in a reeducation camp in Vietnam. Failing school and unable to get a job, Sang Le joins a Vietnamese gang—and Danny is determined to help his cousin escape before it's too late.

Did you want to go to America? Pop: Sure. I didn't have a choice. My father said I had to go. So I went. Were you sad when you left your village? Pop: Maybe a little . . . well, maybe a lot. Ten-year-old Gim Lew Yep knows that he must leave his home in China and travel to

America with the father who is a stranger to him. Gim Lew doesn't want to leave behind everything that he's ever known. But he is even more scared of disappointing his father. He uses his left hand, rather than the "correct" right hand; he stutters; and most of all, he worries about not passing the strict immigration test administered at Angel Island. *The Dragon's Child* is a touching portrait of a father and son and their unforgettable journey from China to the land of the Golden Mountain. It is based on actual conversations between two-time Newbery Honor author Laurence Yep and his father and on research on his family's immigration history by his niece, Dr. Kathleen S. Yep.

From Dav Pilkey, creator of the #1 New York Times bestselling *Dog Man* and *Captain Underpants* series, comes *Dragon*, the heartwarming hero adored by Dav's youngest readers! Pick a book. Grow a reader! *Acorn* is part of Scholastic's early reader line, aimed at children who are learning to read. With easy-to-read text, a short-story format, plenty of humour, and full-colour artwork on every page, these books will boost reading confidence and fluency. *Acorn* books plant a love of reading and help readers grow! *Dragon* is very responsible, but sometimes he makes mistakes. When he's tired, he accidentally reads an egg and fries his morning newspaper! When he sweeps his dirty floor, he can't seem to sweep away all of the dirt and ends up sweeping a hole into the centre of his living room! And when *Dragon* goes grocery shopping, he buys more food than he can fit into his car! Using his trademark humour and heart, Dav Pilkey illustrates the fun side of chores and responsibility.

Orphaned at a young age and taken in by Telvan's most notorious bandit gang, Kinrou had no real expectations in life. He knew nothing of his past, nor did he care to. Then, one day, with the death of a Dragon Warrior, everything changed. After a trip to Karath, the capital city of Telvan, he was told about a threat to the peace and that he had been hand picked by the Sky Lords themselves to stop it if only he could discover what this threat was in time.
