The civil engineering profession is
concerned with the built environment.
Civil engineers plan, design, and
construct major facilities, including

Bookmark File PDF Civil And Environmental

highways, transit systems, airports, dams, water and wastewater treatment systems, tunnels, energy facilities, harbors, canals, buildings, and bridges. Civil engineers manage our air, water, and energy resources and protect society from natural catastrophes, such as earthquakes,

Bookmark File PDF Civil And Environmental

and the hazards society itself
generates in the form of toxic wastes.
