Emergency response and recovery - GOV.UK
Nov 18, 2019 | HazMat Training. The Emergency Response Guidebook, commonly referred to as the ERG, is primarily used for the initial response involving hazardous materials transported by highway and railway, but also used for materials transported by air, water, or by pipeline. It’s a guide to aid first responders in quickly identifying the hazards of the materials involved in a hazardous material incident and protecting themselves and the general public during the initial response phase.

What Is The Emergency Response Guidebook? » HazMat ...
The National Association of State Fire Marshal’s (NASFM) offers a comprehensive, integrated emergency response training program designed to teach emergency responders and pipeline industry personnel to safely respond, and effectively manage, pipeline incidents.
