Rates consumer products from stereos to food processors

Rates consumer products from stereos to food processors

Compares the architecture, management responsibilities, storage procedures, size, and reliability of the information storage and retrieval technologies.

The dragons only emerged from their deep caverns when the weather was right, with thick clouds and sweltering heat. It was on such a day that Arlian's home village was destroyed, his family and friends slaughtered. He survived, though, and swore vengeance on the dragons, and on the looters and slavers who had captured him in the ruins. But no one had ever slain a dragon; how could a mere slave hope to do so?

Annabel Tippens seems like an ordinary little girl, with short blond hair and very good manners. But Annabel is actually quite unusual. Instead of parents, she has Gloria, a tiny white dog who talks and wears a gold collar. Annabel never wonders why her life is different, until one day a cat named Belinda tells her the truth -- she's not just a little girl, she's half fairy! But now that she knows the truth, will her whole life have to change?

While Richard Nixon's culpability for Watergate has long been established—most recently by PBS in 2003—what's truly remarkable that after almost forty years, conventional accounts of the scandal still don't address Nixon's motive. Why was President Nixon willing to risk his reelection with so many repeated burglaries at the Watergate—and other Washington offices—in just a few weeks? What motivated Nixon to jeopardize his presidency by ordering the wide range of criminal operations that resulted in Watergate? What was Nixon so desperate to get at the Watergate, and how does it explain the deeper context surrounding his crimes? For the first time, the groundbreaking investigative research in Watergate: The Hidden History provides documented answers to all of those questions. It adds crucial missing pieces to the Watergate story—information that President Nixon wanted, but couldn't get, and that wasn't available to the Senate Watergate Committee or to Woodward and Bernstein. This new information not only reveals remarkable insights into Nixon's motivation for Watergate, but also answers the two most important remaining questions: What were the Watergate burglars after? And why was Nixon willing to risk his Presidency to get it? Watergate: The Hidden History reexamines the historical record, including new material only available in recent years. This includes thousands of recently declassified CIA and FBI files, newly released Nixon tapes, and exclusive interviews with those involved in the events surrounding Watergate—ranging from former Nixon officials to key aides for John and Robert Kennedy. This book also builds on decades of investigations by noted journalists and historians, as well as long-overlooked investigative articles from publications like Time magazine, the Los Angeles Times, and the New York Times.

This is the graphic, first-hand story of the maiden voyage and disastrous sinking of the RMS Titanic, told by the survivors themselves. The story of the sinking of the great liner has been told countless times since that fateful night on April 14, 1912, by historians, novelists, and film producers alike, but no account is as graphic or revealing as those from the people who were actually there. Through survivors' tales and contemporary newspaper reports from both sides of the Atlantic, here are eyewitness accounts full of details that range from poignant to humorous, stage by stage from the liner's glorious launch in Belfast to the somber sea burial services of those who perished on her first and only voyage. In this book, the voices of the survivors share their own stories, as well as the official records, press reports, and investigations into what went wrong that night.

For the beginner to the highly advanced player of Irish flute, tin whistle, or Boehm-system flute. Features a simple and penetrating new approach to understanding and notating ornamentation that goes beyond any previous method, exploring ornamentation techniques never described in print before. Also includes adaptations for Boehm-system flute players, guidance on breathing and phrasing, 49 ornamentation exercises, history and theory of traditional Irish flute and whistle music, and 27 meticulous transcriptions of recordings by these important Irish flute and tin whistle players: John McKenna, Tom Morrison, William Cummins, Séamus Ennis, Willie Clancy, Paddy Taylor, Paddy Carty, Grey Larsen, Josie McDermott, Matt Molloy, Cathal McConnell, Mary Bergin, Donncha Ó Briain (Denis O'Brien), Desi Wilkinson, Breda Smyth, Seán Ryan, Conal Ó Gráda, Micho Russel, Joanie Madden, Kevin Crawford, Catherine McEvoy, and Seamus Egan. for those who don't read music, almost all the exercises, examples and tunes appear on the two companion CDs. Grey has, through his research, patience, and diligence, completed a work on Irish flute and tin whistle that I feel is essential reading for anybody interested in getting it right. - Matt Molloy, Irish Flute player with the Chieftains.
