Introduction: The Philosophy

# File Type PDF Introduction The Philosophy Of

of Historiography. This book studies our knowledge of history, its nature, historical development, epistemic limits, and scope. In ordinary language "history" is ambiguous. It may mean past events or the study of past events (Dray, 1993, p. 1). In its original Greek *historiē* is etymologically related to the verb "to see" and consequent inquiry and knowledge. In other languages, "history" means a story (Le Goff, 1992, pp. 101-3).

## **Introduction To The Philosophy Of History: Amazon.co.uk ...**

W. H. Walsh's *Philosophy of History* (Walsh 1960 [1951]), first published in 1951 and revised in 1960, is an open-minded and well grounded effort to provide an in-depth presentation of the field that crosses the separation between continental and analytical philosophy. The book attempts to treat both major questions driving much of the philosophy of history: the nature of historical knowledge and the possibility of gaining "metaphysical" knowledge about history.

Philosophy of History” In his development of his views on human history, Hegel’s debt to Kant is evident. Kant had claimed in his essay, “Idea for a Universal History with a Cosmopolitan Aim,” published in 1784, that there is a sense in which we can think of human history as advancing towards an rational end.

## **Introduction to the Philosophy of History**

Historiography is the study  
of the methods of historians  
in developing history as an  
academic discipline, and by  
extension is any body of  
historical work on a  
particular subject. The  
historiography of a specific  
topic covers how historians  
have studied that topic  
using particular sources,  
techniques, and theoretical  
approaches.

## **Historiography - Wikipedia**

This text comprises Hegel's introduction to a series of lectures on the "philosophy of history." As an introduction, the text lays out only the general outline of Hegel's method of "philosophic history"--any details tend to be about theoretical entities and concepts, and there are very few direct analyses of historical periods or events.
