Writing a report - BBC Bitesize

Journalism is the production and distribution of reports on current events based on facts and supported with proof or evidence. The word journalism applies to the occupation, as well as citizen journalists who gather and publish information based on facts and supported with proof or evidence. Journalistic media include print, television, radio, Internet, and, in the past, newsreels.

Reporting is different from journalism, and it's the ...

Introduction Edit. Reporters research news and present the information, normally in certain types of mass media . Reporting is usually distinguished from similar work, such as writing in general, by news values (factors that determine newsworthiness) and journalism values (such as objectivity). Reporters get their information in a variety of ways, including tips, press releases, and witnessing an event.
