Mohammed VI is the King of Morocco. He belongs to the Alaouite dynasty and ascended to the throne on 23 July 1999 upon the death of his father, King Hassan II. The king initially introduced reforms to grant women more power. Leaked diplomatic cables have alleged extensive corruption in the court of King Mohammed VI, implicating the king and his closest advisors. Widespread disturbances in 2011, a Moroccan element of the Arab Spring, protested against corruption and urged the need for political r

The bestselling biography of Muhammad Ali--with an Introduction by Salman Rushdie On the night in 1964 that Muhammad Ali (then known as Cassius Clay) stepped into the ring with Sonny Liston, he was widely regarded as an irritating freak who danced and talked way too much. Six rounds later Ali was not only the new world heavyweight boxing champion: He was "a new kind of black man" who would shortly transform America's racial politics, its popular culture, and its notions of heroism. No one has captured Ali--and the era that he exhilarated and sometimes infuriated--with greater vibrancy, drama, and astuteness than David Remnick, the Pulitzer Prize-winning author of Lenin's Tomb (and editor of The New Yorker). In charting Ali's rise from the gyms of Louisville, Kentucky, to his epochal fights against Liston and Floyd Patterson, Remnick creates a canvas of unparalleled richness. He gives us empathetic portraits of wisecracking sportswriters and bone-breaking mobsters; of the baleful Liston and the haunted Patterson; of an audacious Norman Mailer and an enigmatic Malcolm X. Most of all, King of the World does justice to the speed, grace, courage, humor, and ebullience of one of the greatest athletes and irresistibly dynamic personalities of our time.

In 1962, boxing writers and fans considered Cassius Clay an obnoxious self-promoter, and few believed that he would become the heavyweight champion of the world. But Malcolm X, the most famous minister in the Nation of Islam--a sect many white Americans deemed a hate cult--saw the potential in Clay, not just for boxing greatness, but as a means of spreading the Nation's message. The two became fast friends, keeping their interactions secret from the press for fear of jeopardizing Clay's career. Clay began living a double life--a patriotic "good Negro" in public, and a radical reformer behind the scenes.

Soon, however, their friendship would sour, with disastrous and far-reaching consequences. Based on previously untapped sources, from Malcolm's personal papers to FBI records, *Blood Brothers* is the first book to offer an in-depth portrait of this complex bond. Acclaimed historians Randy Roberts and Johnny Smith reconstruct the worlds that shaped Malcolm and Clay, from the boxing arenas and mosques, to postwar New York and civil rights-era Miami. In an impressively detailed account, they reveal how Malcolm molded Cassius Clay into Muhammad Ali, helping him become an international symbol of black pride and black independence. Yet when Malcolm was barred from the Nation for criticizing the philandering of its leader, Elijah Muhammad, Ali turned his back on Malcolm—a choice that tragically contributed to the latter's assassination in February 1965. Malcolm's death marked the end of a critical phase of the civil rights movement, but the legacy of his friendship with Ali has endured. We inhabit a new era where the roles of entertainer and activist, of sports and politics, are more entwined than ever before. *Blood Brothers* is the story of how Ali redefined what it means to be a black athlete in America—after Malcolm first enlightened him. An extraordinary narrative of love and deep affection, as well as deceit, betrayal, and violence, this story is a window into the public and private lives of two of our greatest national icons, and the tumultuous period in American history that they helped to shape.

One of the most recognizable, respected and inspirational men on earth, Muhammad Ali is the world's most famous boxing hero. Ali brought unprecedented speed and grace to the sport, and his charm and wit changed forever what the world expects of a champion athlete. In the words of over two hundred of Ali's family members, associates, opponents, friends and enemies, this comprehensive and honest portrait relates his legendary sporting accomplishments, as well as the high drama of life outside the boxing ring. From Olympic gold in Rome, to stunning victory over George Foreman in Zaire, every historic victory and defeat of Ali's career is covered. His controversial embrace of the Nation of Islam - with the renunciation of his 'slave name', Cassius Clay - and the historic refusal to be inducted into the US Army makes for compelling reading. Ali became America's first national conscientious objector, and with a willingness to stage his fights in Third World locales, he continued his advocacy for people in need which was honoured in 2000 when he became a United Nations Messenger of Peace. Charismatic, dedicated and a skilful self-publicist, Ali is the living embodiment of the American Dream. This is the biography to match his achievements.

In graphic novel format, chronicles the life of the legendary boxer who, in addition to his skills as a pugilist, is known for his Muslim faith and for refusing to fight in the Vietnam War.

"Based on more than 500 interviews, including Muhammad Ali's closest associates, and enhanced by access to thousands of pages of newly released FBI records, this is a ... story of a man who became one of the great figures of the twentieth century [boxing world]"--

An inspiring biography of Muhammad Ali from the legendary Walter Dean Myers, reissued under Scholastic Focus for a new generation. From his childhood in the segregated South to his final fight with Parkinson's disease, Muhammad Ali never backed down. He was banned from boxing during his prime because he refused to fight in Vietnam. He became a symbol of the antiwar movement - and a defender of civil rights. As "The Greatest," he was a boxer of undeniable talent and courage. He took the world by storm - only Ali could "float like a butterfly, sting like a bee!" Muhammad Ali: Olympic gold medalist, former heavyweight champion, and one of the most influential people of all time.

It's the feel good autobiography of the year - the uplifting story of Michael "Pinball" Clemons, the Canadian Football League superstar whose heart, talent and dedication are far bigger than his famed small 5'6" stature would indicate. One of the key factors in the Toronto Argonauts' three Grey Cup wins, Michael Clemons' gridiron talent is a story in itself, but it is his fight to get to the NFL and then CFL, that is revealing, entertaining, and above all, inspiring. "All Heart" is an autobiography that young people in particular should read, a story infused with Michael's quiet, yet incredibly strong and charismatic character, qualities which have made him one of our best-loved sports stars and a role model for kids. An inside look into two very different sports leagues and a man's true heart and soul, "All Heart" is one terrific read.

In the history of legendary boxers, there was Joe Louis and Sonny Liston . . . and then, “ the heavens opened up, and there appeared a great man descending on a cloud, jump-roping into the Kingdom of Boxing. And he was called Cassius Clay. ” Clay let everyone know that he was the greatest boxer in the world. He converted to the Nation of Islam, refused to be drafted into a war in which he didn ’ t believe, and boxed his way back to the top after being stripped of his title. The man that came to be known as Muhammad Ali was heard in a voice no one will ever forget.

He was a man who fought like no other inside the ring, yet outside the ring he fought for peace. "The Louisville Lip" went on to become a three-time champion, beating some of boxing's greatest fighters, including Joe Frazier and George Foreman. He stunned the world when he beat Sonny Liston for the title. He stunned the world even more when he joined the Nation of Islam and changed his name to Muhammad Ali. He was stripped of his title and banned from boxing for refusing to join the military because of his religious beliefs, then returned to become one of the most famous athletes in history. Not even Parkinson's disease could stop him. A fighter, poet, civil rights leader, humanitarian, and more, Ali remains, in his own words, the king of the world.

A classic book that traces Muhammad Ali ’ s political development in the sixties When Muhammad Ali died, many mourned the life of the greatest sportsman the world had ever seen. In *Redemption Song*, Mike Marqusee argues that Ali was not only a boxer but a remarkable political figure in a decade of tumultuous change. Playful, popular, always confrontational, Ali refashioned the role of a political activist and was central, alongside figures such as Malcolm X and Martin Luther King, to the black liberation and the anti-war movements. Marqusee shows that sport and politics were always intertwined, and this is the reason why Ali remained an international beacon of hope, long after he had left the ring.
