Powertec WorkBench LeverGym Review - Never pay for the gym ...

Most multi-gyms have a weight stack attached to the back of the machine to provide the resistance you require thorough training. But there are some multi-gyms which are compatible with weight plates unlike the unique PM4400 or the GS99 which is a corner gym to provide that space-saving feature multi-gyms are famous for. The weight stack is the core component of a multi-gym connecting every gym ...
