To celebrate the 50th anniversary of *Howl and Other Poems*, with nearly one million copies in print, City Lights presents the story of editing, publishing and defending Allen Ginsberg's landmark poem within a broader context of obscenity issues and censorship of literary works. This collection begins with an introduction by publisher Lawrence Ferlinghetti, who shares his memories of hearing *Howl* first read at the 6 Gallery, of his arrest and of the subsequent legal defense of

Howl's publication. Never-before-published correspondence of Ginsberg, Ferlinghetti, Kerouac, Gregory Corso, John Hollander, Richard Eberhart and others provides an in-depth commentary on the poem's ethical intent and its social significance to the author and his contemporaries. A section on the public reaction to the trial includes newspaper reportage, op-ed pieces by Ginsberg and Ferlinghetti and letters to the editor from the public, which provide fascinating background material on the cultural climate of the mid-1950s. A timeline of literary censorship in the United States places this battle for free expression in a historical context. Also included are photographs, transcripts of relevant trial testimony, Judge Clayton Horn's decision and its ramifications and a long essay by Albert Bendich, the ACLU

Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out

crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and Baseball Haiku captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, Baseball Haiku reveals the intricate ways in which this enduring and indelible sport—which is played on a field,

under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does Baseball Haiku evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, Baseball Haiku is an extraordinary treasure for any true baseball fan.

Ocean Beach, three unlikely friends who were thrown together by disaster get a do-over on life, love, and happiness . . . Maddie, Avery, and Nikki first got to know one another—perhaps all too well—while desperately restoring a beachfront mansion to its former grandeur. Now they're putting that experience to professional use. But their latest project has presented some challenges they couldn't have dreamed up in their wildest fantasies—although the house does belong to a man who actually was Maddie's wildest fantasy once . . . Rock-and-roll legend “William the Wild” Hightower may be past his prime, estranged from his family, and creatively blocked, but he's still worshiped by fans—which is why he guards his privacy on his own island in the Florida Keys. He's not thrilled about letting this crew turn his piece of

paradise into a bed-and-breakfast for a reality show . . . though he is intrigued by Maddie. Hard as that is for her to believe as a newly single woman who can barely manage a dog paddle in the dating pool. But whether it's an unexpected flirtation with a bona fide rock star, a strained mother-daughter relationship, or a sudden tragedy, these women are in it together. The only thing that might drive them apart is being trapped on a houseboat with one bathroom . . .

For months, Peyton and her partner, Marco, have been searching for the serial killer known only as the Janitor, but every investigation ends in defeat. He moves like the wind, striking and disappearing without a trace, leaving no evidence behind. Peyton, herself, fell victim to his attack. Now she

“Part murder mystery and part mind-bending time-travel story. . . . Full of imagination” (Booklist). Say you're a time traveler and you've already toured the entirety of human history. After a while, the world might lose a little of its luster. That's why this time traveler celebrates his birthday partying with himself. Every year, he travels to an abandoned hotel in New York City in 2071, the hundredth anniversary of his birth, and drinks twelve-year-old Scotch (lots of it) with all the other versions of who he has been and who he will be. Sure, the

party is the same year after year, but at least it's one party where he can really, well, be himself. The year he turns thirty-nine, though, the party takes a stressful turn. Before he even makes it into the grand ballroom for a drink he encounters the body of his forty-year-old self, dead of a gunshot wound to the head. As the older versions of himself at the party point out, the onus is on him to figure out what went wrong—he has one year to stop himself from being murdered, or they're all goners. As he follows clues that he may or may not have willingly left for himself, he discovers rampant paranoia and suspicion among his younger selves, and a frightening conspiracy among the Elders. Most complicated of all is a haunting woman, possibly named Lily, who turns up at the party this year—the first person he's ever seen there besides

himself. For the first time, he has something to lose. Here's hoping he can save some version of his own life. "A clever enough premise that it could be straight out of a Philip K. Dick or Kurt Vonnegut novel." —Pittsburgh Post-Gazette "A dark hybrid of Paul Auster and the film Memento, complete with a mysterious love interest . . . Best of all, however, is the evocation of mid-21st century New York as a melancholy, dilapidated place high in entropy, cluttered with ruined buildings, and weirdly infested with parrots." —Toronto Star

Janisse Ray, award-winning author of *Ecology of a Cracker Childhood* and *Wild Card Quilt*, writes an evocative paean to wildness and wilderness restoration with an extraordinary journey into southern Georgia's Pinhook Swamp. Pinhook

Swamp acts as a vital watershed and wildlife corridor, a link between the great southern wildernesses of Okefenokee Swamp and Osceola National Forest. Together Okefenokee, Osceola, and Pinhook form one of the largest expanse of protected wild land east of the Mississippi River. This is one of America's last truly wild places, and Pinhook takes us into its heart. Ray comes to know Pinhook intimately as she joins the fight to protect it, spending the night in the swamp, tasting honey made from its flowers, tracking wildlife, and talking to others about their relationship with the swamp. Ray sees Pinhook through the eyes of the people who live there--naturalists, beekeepers, homesteaders, hunters, and locals at the country store. In lyrical, down-home prose, she draws together the swamp's need for restoration and the

HERE'S WHAT YOU NEED TO KNOW ABOUT PHINEAS L. MACGUIRE, BOY-SCIENTIST EXTRAORDINAIRE, AKA MAC: 1. He's allergic to purple, telephone calls, and girls, and can prove it. 2. He's probably the world's expert on mold, including which has the highest stink potential. 3. He does not have a best friend. He does, however, have an un-best friend, who he does not -- repeat, not -- want to upgrade to best-friend status. But disaster strikes when his teacher pairs Mac and his un-best friend together for the upcoming science fair. Worse, this un-best friend wants the project to be on dinosaurs, which is so third grade. Worse still, it seems as

though everyone else in his class finds the un-best friend as unlikable as Mac does. But, being a boy-scientist, once Mac notices this, he just might have to do some investigating. This very funny young middle-grade novel includes tantalizingly grue- some experiments for exploding your own volcanoes and imploding marshmallows.
