Learn how to use every NLP technique when coaching, so that you'll be able to use NLP easily when coaching your clients. Many NLP Practitioners seek to use NLP when coaching, without having a coaching model or framework to use. This video will explain an NLP coaching model that Jeremy has been using and teaching very effectively since around 2007. The model itself is based on a highly respected coaching model, and has been adapted by Jeremy for NLPers.

How is team coaching in business done best? My preferred approach takes the following form: 1. The coach meets with the team leader and identifies the required outcomes and the main issues that the team faces. The coach also listens to the leader's views on each team member. This interview can be a lengthy one: as long as is deemed necessary. 2.

An NLP-aware coach can also 'learn the coachee's inner language' by calibrating their gestures and expressions, finding out what each one means for the coachee. These routes to a client's states are provided by that client, rather than emerging from some complex and contentious 'big' psychological theory. (NLP is not a theory but a ...

While the methods used by professionals will differ, a standard NLP coaching session will follow the same, basic pattern. Initially, the practitioner will ask what you want to change and the problems you want to overcome. They will pay close attention to what you're saying and how you say it, tailoring the session to your responses.
