This second edition maintains its status as the only full-length text on media relations in the corporate & nonprofit sectors.

Media relations professionals must know how to stay ahead of the game to be effective in todays complex world. It is no longer enough that they craft news releases, orchestrate interviews and build sustaining relationships with reporters. Their multiple roles now include planner, crisis manager, communicator, counselor and strategist. Called virtually an encyclopedia of media relations by one reviewer, the Fifth Edition covers relationships with reporters, spokesperson training, news conferences and special events, integrating media relations into marketing communications plans, crisis management, global media relations, ethics, establishing a media policy within the organization, measuring results and becoming a counselor to management. Its practical advice and how-to ideas draw on current case studies, most involving social media, and the authors extensive experience in the U.S. and around the world. With a clear and fast-moving style, the Fifth Edition maintains its status as the foremost book on media relations in the corporate and nonprofit sectors. It is a must-read for prospective and current media relations professionals dedicated to maximizing their organizations results.

With a clear and fast-moving style, the Sixth Edition maintains its status as the foremost book on media relations in the corporate, nonprofit and government sectors. The authors retained the best and enduring aspects of media relations in the previous edition while skillfully integrating all current trends, such as the increased reliance on technology, complex legal rulings and concerns about credibility that have had an impact on how professionals work with the media. On Deadline is must-read for prospective and current media relations professionals dedicated to maximizing their organization's results. As one reviewer remarked, On Deadline is "like having a professional mentor and media consultant on speed dial." It presents all the tools necessary to plan and implement a successful media relations program, from relationships with reporters, crisis management and global media relations to spokesperson training, ethical and legal issues, news conferences and special events. New case studies illustrate the multiple roles of media relations professional as planner, crisis manager, communicator, counselor and strategist in a world that encounters ubiquitous messages dispersed at the speed of light.

This second edition maintains its status as the only full-length text on media relations in the corporate & nonprofit sectors.

Filling a gap in current PR literature, Essentials of Public Relations Management takes students to the next level. Designed to help students and professionals who have mastered the fundamentals of public relations, this book develops management skills needed for further career advancement. Appropriate for those in the fields of business, communications, journalism or political science, this down-to-earth study of the practical application of public relations covers: Relating to clients, Managing staff, Conducting and applying research, Coping with crises, Handling finances, Understanding the power and the problems of technology, Recognizing actual and potential legal issues, Defining professional ethics A Burnham Publishers book.

Cases in Public Relations Strategy draws on original, real-world case studies to provide students with a strategic approach to meeting the needs of a client before, during, and beyond a campaign. Using the RACE (Research, Action Planning, Communication, and Evaluation) model, students explore successful contemporary campaigns and evaluate best practices in all major areas of public relations activity. This practical, client-oriented text shows students how to systematically evaluate and adapt to the needs of a particular client—whether big or small, global or local, for-profit or nonprofit—in order to launch the most effective campaign. Each case includes a brief introduction focused on fundamentals and core competencies, and all cases have been carefully selected to present a wide range of client types. In addition to the lessons from professionals in the case studies, a section on PR consulting and an appendix on advancing your PR career give students the knowledge and skills they need for success in the field. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Learn more at edge.sagepub.com/stjohn.

"This book offers an evidence-based perspective on the modern practice of media relations, primarily focusing on the development and strategic execution of a media relations program for a variety of organizations. It is targeted to students in advanced courses in public relations or communications, and to entry and mid-level public relations and media relations practitioners. Even with that being the case, we have written it with the knowledge that many colleges and universities don't have room in the curriculum for a stand-alone media relations course".-

With a focus on the tools needed for working in the PR industry, Public Relations Campaigns: An Integrated Approach gives students a hands-on introduction to creating successful, integrated PR campaigns. Authors Regina M. Luttrell and Luke W. Capizzo present the ROSTIR model (research/diagnosis, objectives, strategy, tactics, implementation, and reporting/evaluation) and PESO model (paid, earned, shared/social, and owned media) to show students a framework for practitioners to plan effectively and use all of the resources available to them to create winning campaigns. The Second Edition emphasizes the importance of diversity initiatives and teaches students how to integrate a cross-cultural approach to PR strategies.

Winner of the 2019 Textbook & Academic Authors Association's The Most Promising New Textbook Award How can public relations play a more active role in the betterment of society? Introduction to Strategic Public Relations: Digital, Global, and Socially Responsible Communication prepares you for success in today's fast-changing PR environment. Recognizing that developments in technology, business, and culture require a fresh approach, Janis T. Page and Lawrence Parnell have written a practical introductory text that aligns these shifts with the body of knowledge from which the discipline of public relations was built. Because the practice of public relations is rooted in credibility, the authors believe that you must become ethical and socially responsible communicators more concerned with building trust and respect with diverse communities than with creating throwaway content. The authors balance this approach with a focus on communication theory, history, process, and practice and on understanding how these apply to strategic public relations planning, as well as on learning how to create a believable and persuasive message. Key Features Chapter-opening Scenarios capture your attention by discussing current PR challenges—such as the Wells Fargo cross-selling, VW emissions cover-up, and P&G's "Like a Girl" campaign—and thus frame the chapter content and encourage active reading. At the end of the chapter, you explore various aspects of socially responsible communication to "solve" the PR challenge. Socially Responsible Case Studies in each chapter illustrate the key responsibilities of a modern public relations professional such as media relations, crisis communications, employee communications, and corporate and government-specific communications. Each case features problem-solving questions to encourage critical thinking. Social Responsibility in Action boxes feature short, specific social responsibility cases—such as Universals' #NoFoodWasted, Nespresso in South Sudan, and Merck's collaboration with AIDS activists—to highlight best practices and effective tactics, showing the link between sound public relations strategy and meaningful social responsibility programs. Insight boxes spark classroom discussion on particularly important or unique topics in each chapter. Personality Profile boxes will inspire you with stories from PR veterans and rising stars such as the U.S. CEO of Burson-Marsteller, the Chief Communication Officer of the United Nations Foundation, and the Executive VP at HavasPR.
