Equip your students with the skills to become effective, high performance managers in today's business world as you provide a solid foundation in organizational behavior with this unique competency-based approach. Hellriegel/Slocum's ORGANIZATIONAL BEHAVIOR, 13E has distilled the expertise of hundreds of leading managers from a variety of industries into seven core managerial competencies most important for professional and organizational success. Students have opportunities to assess and maximize their personal skills within the context of today's organizational behavior as they master competencies in managing self, ethics, communication, diversity, across cultures, teams, and change. The authors apply their decades of experience in teaching, research, and OB consulting to establish a clear connection between organizational behavior theory and contemporary practice. This edition combines classic theory with contemporary research, emerging trends, and the most recent developments impacting business today. New text and video cases from organizations familiar to students and interactive exercises clearly demonstrate how effective leaders use the key competencies to lead more successfully. Give your students the foundation they need to become highly effective managers and successful leaders within the organizations of tomorrow. New edition of a text that reflects the latest thinking and practices for use in foundation organizational behavior courses. Hellriegel and Richard W. Woodman of Texas A&M U., and John W. Slocum, Jr. of Southern Methodist U. present 18 chapters that cover individual, group and interpersonal, and organizational processes. The accompanying CD-ROM con

Build your nonprofit into a high performer with this practical approach to purpose, strategy, operations, and governance Planning is vital to achieving your nonprofit's purpose—too bad most nonprofits are strapped for time. Not anymore. Using a lightning-fast and inclusive process, Results Now® puts purpose, strategy, operations, and governance into one user-friendly, comprehensive plan that your board can pass in a single vote and your organization can maintain as a regular part of its business throughout the year. Results Now for Nonprofits relies on accountability and performance measurement to increase the level of effective decision-making. This "big picture first, details next" planning process helps you: Use the Results Now master plan as a centerpiece of board meetings and as a standard part of board meeting advance information Foster a welcome climate for give-and-take strategic thinking Clarify the organization's story for the community and keep people on point about what's important Develop team cohesion Orient newer leadership members and recharge seasoned ones Attract new funders who reward nonprofits who plan A must-have for all nonprofit executives and directors, members of boards and trustees, and nonprofit managers, Results Now for Nonprofits is a results-driven, practical tool that will help your organization achieve its mission, values, and destiny.

Learning to work effectively and efficiently in a group is an important part of learning to be a substantive contributor in today's business environment. Teams: A Competency Based Approach provides a solid coverage of the underlying theory of teamwork, complemented by examples, to help students learn and practice the competencies that will allow them to take advantage of team-building opportunities. This book helps readers to systematically identify, analyze and manage issues that arise as a result of teamwork by emphasizing four important objectives for successful team-members: Recognizing opportunities for accomplishing goals within a team context Appreciating other individuals' attributes in a group setting Analyzing the types of environments in which teamwork is most advantageous Identifying and building the necessary competencies to leverage successful group experiences With exercises and activities designed to allow readers to engage with the material and build specific team-oriented competencies, this book offers undergraduate students interested in management, team building, and human resource training the tools needed for successful group experiences.

Focusing on the thought-provoking, contemporary issues that underscore the challenging world of policing, this easy-to-understand text balances theory, research, and practice to give students a comprehensive overview of both the foundations of policing and the expanded role of today's police officers. The engaging writing style and stories from the field, coupled with unique coverage of the issues of policing in multicultural communities the impact of globalization on policing, make this book a must have for policing courses

We are now entering a new phase in the establishment of historical organization studies as a distinctive methodological paradigm within the broad field of organization studies. This book serves both as a landmark in the development of the field and as a key reference tool for researchers and students. For two decades, organization theorists have emphasized the need for more and better research recognizing the importance of the past in shaping the present and future. By historicizing organizational research, the contexts and forces bearing upon organizations will be more fully recognized, and analyses of organizational dynamics improved. But how, precisely, might a traditionally empirically oriented discipline such as history be incorporated into a theoretically oriented discipline such as organization studies? This book evaluates the current state of play, advances it and identifies the

possibilities the new emergent field offers for the future. In addition to providing an important work of reference on the subject for researchers, the book can be used to introduce management and organizational history to a student audience at both undergraduate and postgraduate levels. The book is a valuable source for wider reading, providing rich reference material in tutorials across organizational studies, or as recommended or required reading on courses with a connection to business or management history.

What makes a sport enterprise successful? How can managers working in sport improve organizational effectiveness through strategic behaviour management? This comprehensive and accessible textbook addresses these important questions and examines the theories that underpin organizational analysis in sport. Helping both students and practitioners to understand the different types of behaviour that occur within a sports enterprise, it also demonstrates how to develop ways of managing behaviour more effectively for the benefit of all stakeholders. The book explores behaviour on individual, interpersonal, group and whole-organization levels, and presents an evidence-based framework for analysis built around key concepts such as: Change and culture Leadership Motivation, rewards and incentives Power and influence Conflict, disputes and grievances Equity, diversity and inclusion. With international case studies, learning objectives, review questions and guides to further reading included in every chapter, no other textbook develops critical skills or an awareness of ethical issues in such detail and depth. Organizational Behaviour in Sport is essential reading for all students and practitioners working in sport, leisure or recreation management.

Master the skills you need for success in today's rapidly changing work environment with the useful, practical management tools and insights found only in ADMINISTRATIVE MANAGEMENT: SETTING PEOPLE UP FOR SUCCESS. Discover the keys to functioning at the highest level in today's professional work environment. This unique book helps you both navigate and respond effectively to contemporary work challenges.
