"Stolen Magic (Shadows of the Immortals #1)" is not lesfic, but it is a frenetically paced adventure with plenty of humor, and it's narrated wonderfully by Hollie Jackson. In a world of "shapers" (elites able to use control elements such as fire, water, earth and air), "shifters" (yep - werewolves etc) and "humans", MC Lexi doesn't quite know how she fits in.

Unexpected Idea, Stolen magic is quite a twist. I loved the idea of finding a different form of magic in mortals, as well as the world of magic existing in a mortal world without the mortal world being aware of its existence, Looking forward to reading the next in the Shadows of the Immortals series.
