Our ant is the intentional part of the brain, but our elephant is the instinctual, impulsive part of the brain that houses emotions and memories and even guides the body to perform vital functions. While we tend to know our conscious minds -- our ants -- rather well, we often overlook the power of our elephantine subconscious minds.

Of all the animals the elephant rescues, only the tiny ant returns the favor.

Many creatures are helped when two animals refuse to conform to the laws of the jungle.

The Ant and the Elephant is an entertaining parable to help you unleash the massive power of human potential. It's goal is to demonstrate how we can unite the powerful forces of conscious and subconscious thought to reach our peak performance levels as individuals and as leaders. In this book, renowned business consultant and Olympian, Vincent Poscente, weaves a clever parable around profound concepts that can have an immediate impact on your life and the life of those around you. Using a mix of wit and wisdom, Poscente shows us how to focus on and re-direct our subconscious mind in order to accomplish the goals we strive to achieve. In order to explain the relationship between the conscious and sub-conscious mind in an entertaining fashion, Poscente uses the story of Adir the ant and Elgo the Elephant. The story itself is fun to read, and the wisdom he wishes to impart is woven into the story. There is a pause after each chapter, with bullet points to help you understand the principles covered within the chapter and realize how they apply to you and how they can transform your life. Using the lessons of Adir the ant, you will learn how to : \* Clarify your vision. \* Commit to cultivating positive dominant thoughts. \* Consistently focus on performance. \* Strengthen confidence. \* Control the response to any situation. Although the story is simple and enjoyable reading, it stays on in your mind and the concepts taught in the book, when applied, will change your life forever. This book will have an immediate impact on your life.

A renowned speaker, business consultant, record-setting speed skier and Olympian, Vince Poscente believes in the enormous potential of the unconscious mind. Poscente likens the dynamic between the conscious and subconscious minds to an ant and an elephant: "Our minds are separated into two distinct functions -- the conscious and subconscious elements. Our ant is the intentional part of the brain, but our elephant is the instinctual,

impulsive part of the brain that houses emotions and memories and even guides the body to perform vital functions. While we tend to know our conscious minds -- our ants -- rather well, we often overlook the power of our elephantine subconscious minds. When we do, unfortunately, we squander a wellspring of human potential." Having seen too many books focused on what a problem or solution is and too few focused on how to solve the problem, Poscente, with his trademark wit, wisdom and steely resolve, created The Ant and the Elephant -- Leadership for the Self: A Parable and Five-Step Action Plan to Transform Workplace Performance.

A Wall Street Journal Top 10 Nonfiction Book of 2017 A Publishers Weekly Best Book of 2017 A Shelf Awareness Best Book of 2017 "Ants Among Elephants is an arresting, affecting and ultimately enlightening memoir. It is quite possibly the most striking work of non-fiction set in India since Behind the Beautiful Forevers by Katherine Boo, and heralds the arrival of a formidable new writer." "The Economist The stunning true story of an untouchable family who become teachers, and one, a poet and revolutionary Like one in six people in India, Sujatha Gidla was born an untouchable. While most untouchables are illiterate, her family was educated by Canadian missionaries in the 1930s, making it possible for Gidla to attend elite schools and move to America at the age of twenty-six. It was only then that she saw how extraordinary—and yet how typical—her family history truly was. Her mother, Manjula, and uncles Satyam and Carey were born in the last days of British colonial rule. They grew up in a world marked by poverty and injustice, but also full of possibility. In the slums where they lived, everyone had a political side, and rallies, agitations, and arrests were commonplace. The Independence movement promised freedom. Yet for untouchables and other poor and working people, little changed. Satyam, the eldest, switched allegiance to the Communist Party. Gidla recounts his incredible transformation from student and labor organizer to famous poet and founder of a left-wing guerrilla movement. And Gidla charts her mother's battles with caste and women's oppression. Page by page, Gidla takes us into a complicated, close-knit family as they desperately strive for a decent life and a more just society. A moving portrait of love, hardship, and struggle, Ants Among Elephants is also that rare thing: a personal history of modern India told from the bottom up.

The Ant and the Elephant is an entertaining parable to help you unleash the massive power of human potential. It's goal is to demonstrate how we can unite the powerful forces of conscious and subconscious thought to reach our peak performance levels as individuals and as leaders. In this book, renowned business consultant and Olympian, Vincent Poscente, weaves a clever parable around profound concepts that can have an immediate impact on your life and the life of those around you. Using a mix of wit and wisdom, Poscente shows us how to focus on and re-direct our subconscious mind in order to accomplish the goals we strive to achieve. In order to explain the relationship between the conscious and sub-conscious mind in an entertaining fashion, Poscente uses the story of Adir the ant and Elgo the Elephant. The story itself is fun to read, and the wisdom he wishes to impart is woven into the story. There is a pause after each chapter, with bullet points to help you understand the principles covered within the chapter and realize how they apply to you and how they can transform your life. Using the lessons of Adir the ant, you will learn how to :

- \* Clarify your vision.
- \* Commit to cultivating positive dominant thoughts.
- \* Consistently focus on performance.
- \* Strengthen confidence.
- \* Control the response to any situation.

Although the story is simple and enjoyable reading, it stays on in your mind and the concepts taught in the book, when applied, will change your life forever. This book will have an immediate impact on your life.

Argues that the speed and stimulation characteristic of twenty-first-century business life are conditions to be sought out and encouraged, and provides examples and advice for managing rapid change. Reprint. 50,000 first printing.

From the New York Times bestselling author of The Age of Speed and The Ant and the Elephant comes an engaging parable to help you break free from feeling stuck and bounce back after a crisis in the business of life. Personal catastrophes are like an earthquake: they leave us too shaken to know what to do next, afraid that every step we take might spark another upheaval. But we can learn to resist our human instinct to hide from challenges. In this entertaining modern-day fable, Vince Poscente introduces us to the well-intentioned, conscious ant and the habitually fearful, subconscious elephant as seismic destruction changes their world and ultimately forces them to leave their oasis. What Adir the ant and Elgo the elephant learn—and what you'll learn by journeying with them—is the linear path they used to reach the oasis in The Ant and the Elephant does not work in the chaos after an earthquake. How can they breakthrough and thrive after a life-altering setback? The answer lies in the "Solution Loop," a tool that teaches them to use collaboration, curiosity, and creativity to:

- Reframe dark times as illuminating experiences
- Resist the impulse to go it alone
- Find fresh perspectives
- Seek a path where you can enjoy the journey

The methodology is told using the time-honored method of a parable. The book offers prescriptive advice, and is based on Poscente's study of practices like decoding human behavior, the neuroscience of performance, and interpersonal dysfunction around fear, The Earthquake is a must read. It's for anyone looking to find your way to sustained hope and away from the messy and debilitating challenges caused by devastation, for specific solutions to the setback you're currently facing, or to help others bounce back from their personal earthquake.

Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller Made to Stick. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In Switch, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results:

- The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients
- The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping
- The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service

In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. Switch shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

Chanakya, the most powerful strategist of 4th Century BC, documented his ideas on leadership, in the Arthashastra. In the present book, the author simplifies these ageold formulae for success in today's corporate world. Corporate Chanakya on Leadership applies Chanakya's wisdom across a host of areas including power and the responsibilities of a leader, decision making, nurturing people, ethics in business, how to prepare for competition and all that a leader should avoid doing. Gain from this guide and discover the Chanakya in you!
