Europe: Every Year Commerce, Agriculture, and Slavery: Crash Course European History #8 ~~The Expansion Of Europe~~
In the 15th century, Europe sought to expand trade routes to find new sources of wealth and bring Christianity to the East and any newly found lands. This European Age of Discovery saw the rise of colonial empires on a global scale, building a commercial network that connected Europe, Asia, Africa, and the New World.

The European Expansion was motivated purely by the religious rivalries among the European powers. European nations in the 15th century began exploring new lands with three motives: religion, wealth, and glory. It was made possible by advances in naval fleet building and navigation, first pioneered by the Portuguese.

In the early modern period explorers representing western European nations crossed vast oceans to discover other civilizations. With superior material and technological strength, especially firearms, Europeans were able to win empires. The motives for European expansion varied from desire to serve God, to glory, gold, and strategic need.
