Sleeping - definition of sleeping by The Free Dictionary

The Sleeping Symbol emoji depicts three, generally blue Z's increasing in size as they rise to the right. It is variously used to represent sleeping, dreaming, snoring, tiredness, exhaustion, or boredom.

Meaning Of Sleeping Symbol Emoji - dictionary.com

Hugh Dancy is a young and idealistic colonial official posted to Britain's deep-jungle Sarawak outpost in 1939, and Jessica Alba (Dark Angel) is the "sleeping dictionary," a sexy tutor who proves that the fastest way to learn a language is through lovemaking. Guy Jenkin trades in old clichés for new ones in his revision of the exotic old melodramas of forbidden love between handsome colonial men and gorgeous, guileless native girls.

Kamala, a young peasant woman from West Bengal is drawn into a forbidden romance in 1930s Calcutta and is caught between the country's independence movement and the British colonial society in which she lives. Original.

Harryette Mullen's fifth poetry collection, *Sleeping with the Dictionary*, is the abecedarian offspring of her collaboration with two of the poet's most seductive writing partners, Roget's Thesaurus and *The American Heritage Dictionary*. In her *mé nage à trois* with these faithful companions, the poet is aware that while Roget seems obsessed with categories and hierarchies, the American Heritage, whatever its faults, was compiled with the assistance of a democratic usage panel that included black poets Langston Hughes and Arna Bontemps, as well as feminist author and editor Gloria Steinem. With its arbitrary yet determinant alphabetical arrangement, its gleeful pursuit of the ludic pleasure of word games (acrostic, anagram, homophone, parody, pun), as well as its reflections on the politics of language and dialect, Mullen's work is serious play. A number of the poems are inspired or influenced by a technique of the international literary avant-garde group Oulipo, a dictionary game called S+7 or N+7. This method of textual transformation--which is used to compose nonsensical travesties reminiscent of Lewis Carroll's "Jabberwocky"--also creates a kind of automatic poetic discourse. Mullen's parodies reconceive the African American's relation to the English language and Anglophone writing, through textual reproduction, recombining the genetic structure of texts from the Shakespearean sonnet and the fairy tale to airline safety instructions and unsolicited mail. The poet admits to being "licked all over by the English tongue," and the title of this book may remind readers that an intimate partner who also gives language lessons is called, euphemistically, a "pillow dictionary."

Winner of the 2021 Betty Trask Award Shortlisted for the 2021 Desmond Elliott Prize “ An audacious, idiosyncratic dual love story about how language and people intersect and connect, and about how far we'll go to save what we're passionate about. ” —NPR An exhilarating and laugh-out-loud debut novel from a prize-winning new talent that chronicles the misadventures of a lovelorn Victorian lexicographer and the young woman put on his trail a century later to root out his misdeeds while confronting questions of her own sexuality and place in the world. Mountweazel n. the phenomenon of false entries within dictionaries and works of reference. Often used as a safeguard against copyright infringement. Peter Winceworth, Victorian lexicographer, is toiling away at the letter S for Swansby's multivolume *Encyclopaedic Dictionary*. His disaffection compels him to insert unauthorized fictitious entries into the dictionary in an attempt to assert some sense of individual purpose and artistic freedom. In the present day, Mallory, a young intern employed by the publisher, is tasked with uncovering these mountweazels before the work is digitized. She also has to contend with threatening phone calls from an anonymous caller. Is the change in the definition of marriage really that upsetting? And does the caller really intend for the Swansby's staff to 'burn in hell'? As these two narratives combine, both Winceworth and Mallory discover how they might negotiate the complexities of the often nonsensical, relentless, untrustworthy, hoax-strewn, and undefinable path we call life. An exhilarating debut novel from a formidably brilliant young writer, *The Liar's Dictionary* celebrates the rigidity, fragility, absurdity, and joy of language.

A unique look under the hood of lexicography in a small community, highlighting how the creation of the Tunica dictionary was intentionally leveraged to shape the revitalization of the Tunica language. It details both the theoretical and the practical aspects that contributed to the Tunica dictionary in manner compelling to readers from all walks of life.

Olá! From ordering vinho verde in the Douro Valley to making new friends in Lisbon, it helps to speak some of the native tongue in Portugal. Inside you'll find: Key phrases for use in everyday circumstances, complete with phonetic spelling An English-Portuguese and Portuguese-English dictionary Tips for small talk and local lingo with Rick's signature sense of humor A tear-out cheat sheet for continued language practice as you relax on the beach (no internet connection required!) Informative, concise, and practical, Rick Steves Portuguese Phrase Book & Dictionary is an essential item for any traveler's pocket.

Dictionaries are a powerful genre, perceived as authoritative and objective records of the language, impervious to personal bias. But who makes dictionaries shapes both how they are constructed and how they are used. Tracing the craft of dictionary making from the fifteenth century to the present day, this book explores the vital but little-known significance of women and gender in the creation of English language dictionaries. Women worked as dictionary patrons, collaborators, readers, compilers, and critics, while gender ideologies served, at turns, to prevent, secure, and veil women's involvements and innovations in dictionary making. Combining historical, rhetorical, and feminist methods, this is a monumental recovery of six centuries of women's participation in dictionary making and a robust investigation of how the social life of the genre is influenced by the social expectations of gender.

From an award-winning novelist, a stunning portrait of late Raj India—a sweeping saga and a love story set against a background of huge political and cultural upheaval. **YOU ASK FOR MY NAME, THE REAL ONE, AND I CANNOT TELL. IT IS NOT FOR LACK OF EFFORT.** In 1930, a great ocean wave blots out a Bengali village, leaving only one survivor, a young girl. As a maidservant in a British boarding school, Pom is renamed Sarah and discovers her gift for languages. Her private dreams almost die when she arrives in Kharagpur and is recruited into a secretive, decadent world. Eventually, she lands in Calcutta, renames herself Kamala, and creates a new life rich in books and friends. But although success and even love seem within reach, she remains trapped by what she is . . . and is not. As India struggles to throw off imperial rule, Kamala uses her hard-won skills—for secrecy, languages, and reading the unspoken gestures of those around her—to fight for her country ' s freedom and her own happiness.

Everyone in the small town of Central City, Texas loves Lou Ford. A deputy sheriff, Lou's known to the small-time criminals, the real-estate entrepreneurs, and all of his coworkers -- the low-lives, the big-timers, and everyone in-between -- as the nicest guy around. He may not be the brightest or the most interesting man in town, but nevertheless, he's the kind of officer you're happy to have keeping your streets safe. The sort of man you might even wish your daughter would end up with someday. But behind the platitudes and glad-handing lurks a monster the likes of which few have seen. An urge that has already claimed multiple lives, and cost Lou his brother Mike, a self-sacrificing construction worker fell to his death on the job in what was anything but an accident. A murder that Lou is determined to avenge -- and if innocent people have to die in the process, well, that's perfectly all right with him. In *The Killer Inside Me*, Thompson goes where few novelists have dared to go, giving us a pitch-black glimpse into the mind of the American Serial Killer years before Charles Manson, John Wayne Gacy, and Brett Easton Ellis's *American Psycho*, in the novel that will forever be known as the master performance of one of the greatest crime novelists of all time.
