Understanding Financial Prosperity By Bishop David Oyedepo ...

By David Oyedepo. Also, note that God ' s covenant of financial prosperity is as binding as His covenant of day and night (Genesis 8:22; Jeremiah 33:20-21). As long as the covenant of the day and night is in place, God ' s covenant of abundance remains in force. It is, therefore, an ever reliable and dependable covenant.

Offers advice on personal finance and creating wealth based on the principles of Jewish tradition.

Dave Ramsey explains those scriptural guidelines for handling money.

"I have three books on my desk and The 4 Laws of Financial Prosperity is one of them. Mybookcase is filled with good books, but on my desk are the really great ones close at hand.

A heartwarming series of stories and practical wisdom on entrepreneurship and wealth in the vein of Rich Dad, Poor Dad, written by a financially independent father for his ambitious son. Soon after he opened his vineyard for business many years ago, the Wealthy Gardener noticed a puzzling fact. Everyone wanted money, but only a few people managed to accumulate it. The reason, he realized, is that most people focus on short term gains instead of achieving lasting wealth. As he grew old and aware of his dwindling time on this Earth, the Wealthy Gardener began to share his hard-earned wisdom with the financially troubled in his community, patiently mentoring those who asked for his practical advice on the ways of prosperity. The parable of the Wealthy Gardener is far more than an admonishment to earn more or spend less; it is about timeless principles. As his lessons reveal, financial freedom is a means to power and control over our lives. Without money, we are subject to the demands and whims of others. With money, we are sheltered from the storm, and we can extend that shelter to our loved ones. Poised to become an intimate financial classic, The Wealthy Gardener will inspire readers to find their own noble purpose and relieve their money worries once and for all. No matter your income level, skillset, or unique economic disadvantages, the lessons in this book will show you the path forward. All you need is the will to work, the desire to succeed, and the motivation to learn.

Ken Honda—Japan ' s #1 bestselling personal development guru—teaches you how to achieve peace of mind when it comes to money with this instant national bestseller. Too often, money is a source of fear, stress, and anger, often breaking apart relationships and even ruining lives. We like to think money is just a number or a piece of paper, but it is so much more than that. Money has the ability to smile, it changes when it is given with a certain feeling, and the energy with which it imbues us impacts not only ourselves, but others as well. Although Ken Honda is often called a " money guru, " his real job over the past decade has been to help others discover the tools they already possess to heal their own lives and relationships with money. Learn how to treat money as a welcome guest, allowing it to come and go with respect and without resentment; understand and improve your money EQ; unpack the myth of scarcity; and embrace the process of giving money, not just receiving it. This book isn ' t to fix you, because as Ken Honda says, you ' re already okay!

A groundbreaking historical analysis of how global capitalism and advanced democracies mutually support each other It is a widespread view that democracy and the advanced nation-state are in crisis, weakened by globalization and undermined by global capitalism. Torben Iversen and David Soskice argue that this view is wrong. In fact, advanced democracies are resilient and their enduring relationship with capitalism has been mutually beneficial. Iversen and Soskice show how democratic states continuously reinvent their economies through public investment in research and education, by imposing competitive product markets and cooperation in the workplace, and by securing macroeconomic discipline as the preconditions for innovation and the promotion of advanced sectors of the economy. Challenging the prevailing wisdom on globalization, Democracy and Prosperity reveals how advanced capitalism is neither footloose nor unconstrained—and how it thrives under democracy precisely because it cannot subvert it.
